DETAILED ACTION

Specification

The disclosure is objected to because of the following informalities: the first page of the specification needs to be updated to include the continuing data.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

Claims 1-31 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 1, 8, 16, 23, at third paragraph respectively, the phrase "with as the actuation start time the time at which an available time before crash that is the time to an estimated crash time" is unclear.

Claims 2-7, 9-15, 17-22, 24-31 are also rejected for incorporating the deficiencies of their base claim.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
